

HAAAG

WORKPLACE FURNITURE

A range of tables, benches and poseur bars essential for collaboration and break out areas.

The inspiration for this design came from a trip to the Hague (Den Haag) in Holland. Straight line honesty. There is nothing hidden with Haag. By bringing the blackened steel structure to the 'outside', Haag is an open book, magically blending the beauty of raw steel and polished timber.

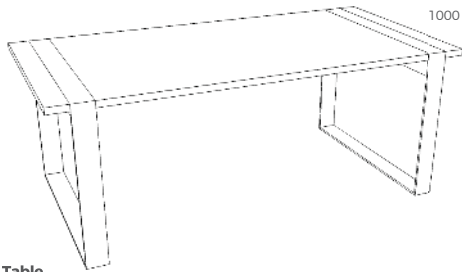

“ Designer’s comment:
 In 30 or 40 years time, will we say “oh that is so 2017”?
 I think Haag is typical of the contemporary trend that is drawing on many past trends and blending them into a new open minded style. Good times.
