

# FORBI

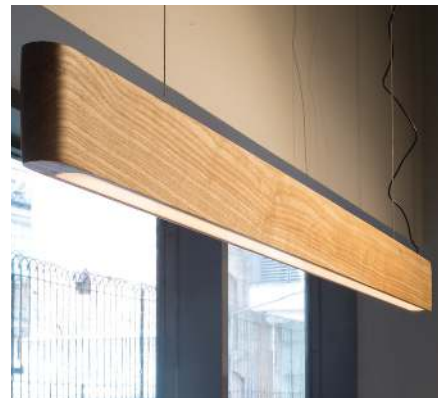

---

**workagile**

WORKPLACE FURNITURE

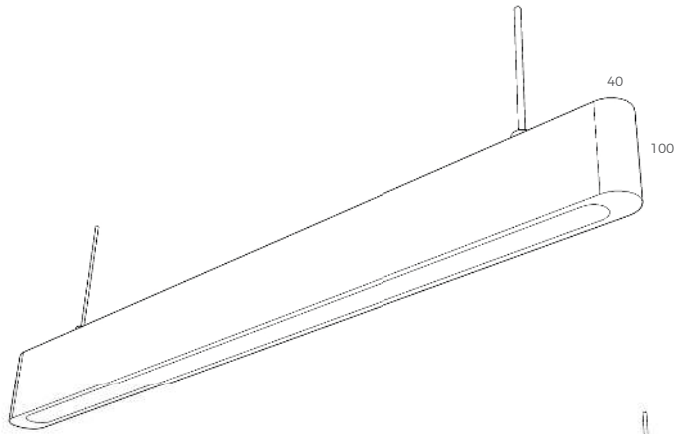

Suspended solid timber feature light fittings. Choice of 3 timbers – Oak, Ash, Walnut – and 3 sizes - 1200mm, 1500mm and 1800mm.

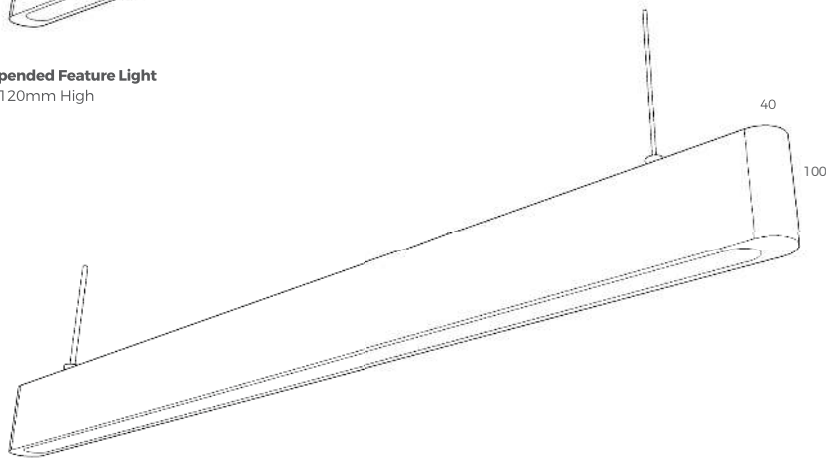

Aside from providing essential feature or even task lighting in work areas, Forbi is a design statement in its own right helping define space and height.

**“ Designer’s comment:**  
 There is a story behind every name! On many a building site you will hear – “pass us a bit of forbi” - Carpenter’s slang for a 4” x 2” piece of timber! Whilst this is somewhat demeaning to what is a beautifully crafted feature piece of joinery that is in essence what it starts off as – a piece of 4 x 2! Oh well, the name has stuck now. ”

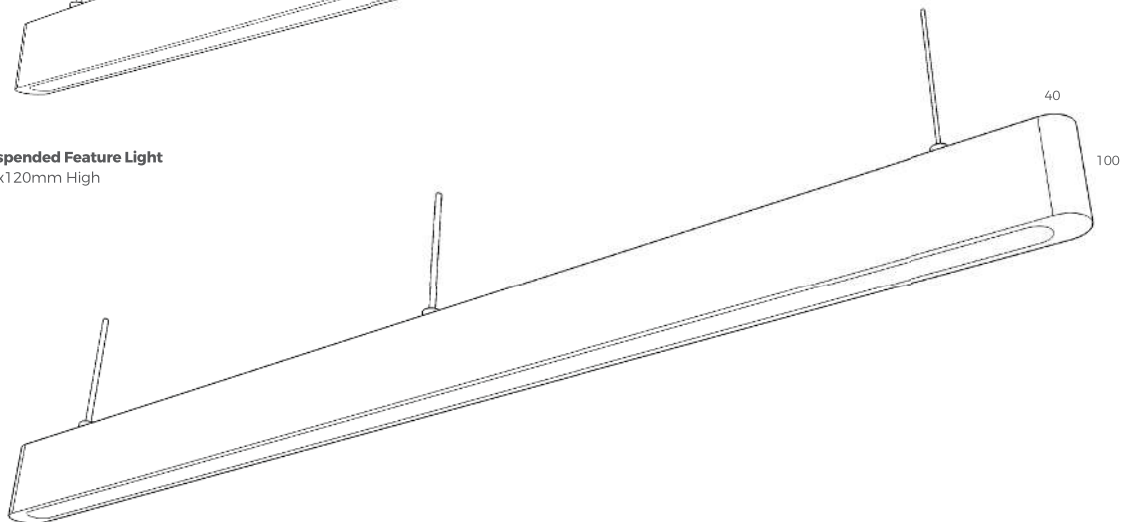

## Standard Sizes

**Forbi Suspended Feature Light**  
1200x60x120mm High

**Forbi Suspended Feature Light**  
1500x60x120mm High

**Forbi Suspended Feature Light**
